BIKE BY GUBI

Bike by Gubi is the result of a collaboration between the world-famous designer, Gubi Olsen and HF Christiansen. Gubi's creative thinking combined with HF Christiansen's knowledge of bike production has created a retro - modern bike program that has both a minimalistic and stylish design; but which are also smooth and comfortable to ride.

The Bike by Gubi bikes are hand-built in Randers. Here, the bikes are composed of quality components such as lightweight Cr-Moly steel frame with sleeves, Schwalbe tyres with Kevlar inserts along with a luxurious leather saddle and grips from Brooks. All Bike by Gubi bikes carry an emblem on the frame with its own unique number.
